

## **Biography - Chuck Rich, President/CEO Veterans Electrical Solutions**

Chuck Rich manages all aspects of VES company ownership to include sales development, subcontracts, marketing, finance, employee/contractor management, engineering, design project management, accounts receivable/payable and customer relationships. He has engineered, furnished, installed, and tested over 150 low voltage LED lighting systems and performed maintenance on over 200 lighting and electrical systems. While working at Mission Critical Solutions, Mr. Rich managed and directed all Federal voice and data structured cabling, IT services and voice/data switching business development and marketing opportunities. At Leviton Manufacturing and WESCO Distribution, he directed all government voice, data and electrical infrastructure business in the eastern region for the largest government infrastructure manufacturer and distributor in the United States. He personally built a network of over 50 government 8(a), HUBZone, and SDVOSB contractors in the Wesco Government Partner Network. Within the Network, he increased the number of Government systems integrators, general contractors, and end user accounts across the board. Mr. Rich is a certified Project Management Professional, Registered Communications Distribution Designer and holds both unrestricted Low Voltage and Electrical Licenses in the State of Georgia. Mr. Rich is an Air Force Veteran with over 33 years of active duty and reserve service. As a Veteran advocate, Mr. Rich received certification from the GA Department of Labor to open a schoolhouse to train Veterans coming off active duty and retirees that wish to enter the electrical career field. Mr. Rich is married and has two daughters, two sons, two cats and a dog. He is an avid runner and a volunteer at his church.
