Project Management Support Services

Differentiators

Efficient Solutions, Maximum Impact

Our team specializes in delivering high-quality outcomes under tight budgets and timelines, ensuring clients achieve their objectives without unnecessary expenditures.

Driven to Deliver

We pride ourselves on a no-nonsense, results-focused approach. When challenges arise, we roll up our sleeves, cut through complexity, and just get things done—turning obstacles into opportunities.

Client-Centered Excellence

We are unwaveringly committed to understanding and prioritizing client needs, tailoring our approach to exceed expectations and foster enduring partnerships.

Experience

Program Management Support to Allegheny County Airport Authority #502-24

Delivered the program management governance of the Allegheny County Airport Authority Parking Program to manage strategic projects to support the \$36M annual revenue from parking infrastructure Q12024 – Q42025(MSA #4566)

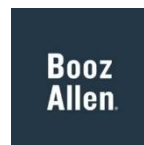

Process Optimization to Google

Business & technical process optimization efforts working with stakeholders on Google Fi Wireless; reducing user contact volume by 25% during Q12021 – Q32021

Project Management Support to Navy Multiband Terminal Program

Supported the \$1B Navy satellite communications terminal program of record; implemented 3 major software upgrades by analyzing 240 vessel availabilities with 30 globally distributed engineers
