

Landworks, Inc. is a commercial landscaping company dedicated to caring for our employees and clients. Our hands-on approach builds strong relationships by ensuring clear communication of client needs to foremen and crew leaders. We focus on prompt communication regarding all issues and actively seek to assist in resolving any challenges that arise.

SERVICES/EXPERTISE

Beautiful landscaping speaks volumes about the management of a property. A lush, well-manicured landscape is proven to draw attention to a property and makes a positive impression on visitors and tenants. Our team works closely with property owners and managers to develop a clear understanding of their vision for the landscape.

The Residence Inn San Diego in Chula Vista has been a customer of Landworks for over three years. They do a great job of maintaining our landscaping which spans over several acres of land. Part of the coverage area includes zones owned by the city and they maintain it to the rigorous standards required by them. The staff that comes to our property are friendly and responsive. It is a pleasure doing business with this team!
