

0369 SECURITY SOLUTIONS SERVICES, LLC

DBA 0369 SSS

ABSTRACT

This company has been established since 2013. The backbone of this company is quality workmanship and compassion for our clients. Our strategy is to leverage our knowledge and military experiences in the security industry by providing sound security solutions to protect our clients' interests. 0369 SSS main services includes, Security Consulting, Security camera/Access Control installations, Fire alarms inspections and Cyber Security Assessments. ALL services fall under the moniker of Risk Management. Some of our core strengths: Experience, Forward-thinking, Innovation, Optimization, Time Management, and Continuous Learning. The operational strategy is to complete projects on time and satisfy all stakeholders.
