

Fluid Controls and Components Inc

Prime Subcontractor specializing in Government Contracts

FCCI has been an industry leader providing high quality mechanical components to the Department of Energy, Department of Defense, and industrial markets for over 20 years.

We offer a wide range of solutions including safety-related components and commercial grade dedication through our ASME NQA-1 Quality Assurance Program. FCCI's experienced team provides engineering, quality control, documentation, and testing services for large complex projects.

Commitment to Quality

It's our commitment that makes us the right choice. Our process includes a comprehensive quality assurance program ensuring every aspect meets your technical design criteria. Strict adherence to the project requirements assures a successful outcome.

Strategic Partner

FCCI has the experience, products, services, team, and proven track record to successfully execute the most complex projects.

Service-Disabled Veteran-Owned Small Business

Company Highlights

- Systems Integrator
- Commercial Grade Dedication
- Complex Project Management
- Award Winning Supplier

Quality Assurance and Accreditations

10CFR50 Appendix B
ASME NQA-1
10CFR21
10CFR830.122 Subpart A
DOE Order 414.1D

Nuclear Services FCCI

Prime Subcontractor specializing in Government Contracts

Engineering Services

- Commercial Grade Dedication
- Reverse and Re-Engineering
- Product Testing & Qualification
- Design

Testing & Examination

- Tensile, Hardness, & Bend Tests
- Chemical Analysis
- Hydrostatic Testing

NDE Inspections

- Visual (VT)
- Liquid Penetrant (PT)
- Magnetic Particle (MP)
- Radiographic (RT)
- Ultrasonic (UT)

Project Management

- Engineering Analysis
- Quality Verification & Documentation
- Document Control
- Expediting

Specialty Welding & Fabrication

- Wide Range of Alloys
- Piping, Vessels, Valves
- Custom Fabrication

Instrumentation

- Flow, Level, Temperature, Pressure

Pumps

- All Designs

Mechanical Components

- Valves, Pipes, Flanges, Fittings, Gaskets, Industrial Shapes

---

Farris Engineering

Supply, Repair, Testing, Setting, and Certification for Safety and Relief Valves in accordance with ASME Section I and Section VIII.

Prime Subcontractor Experience

- Hanford Vit Plant Project
- Ground Based Strategic Deterrent
- Pueblo Chemical Agent Destruction Pilot Plant (PCAPP)
- Blue Grass Chemical Agent Destruction Pilot Plant (BGCAPP)
- Parsons Salt Waste Processing Facility
- Uranium Processing Facility
- Mobile Launcher 2 (ML2)

FCCI has received Bechtel Small Business Recognition.
