SBA certified Disabled Veteran Owned Small Business

Hill Creek Precision Works is proudly a Veteran owned and operated business. We are a small, agile machine shop operate in Virginia's Shenandoah Valley. Our mission is to deliver high-quality machining solutions for a variety of industries. We specialize in precision custom and short-run production of metal and plastic parts. We support design, prototype development, low-to-medium volume small to medium sized projects and related secondary processes for commercial and government customers. We are committed to excellence, precision, and customer satisfaction in every project we undertake. We are a Made In American company!

Primary NAICS
332710 – Machine Shops

Secondary NAICS
• 332811 – Metal Heat Treating
• 332999 – All Other Miscellaneous Fabricated Metal Product Manufacturing Core Capabilities
• CNC vertical milling (Haas TM-3P)
• CNC design and programming (Fusion 360 and comparable CAD/CAM software)
• Band saw cutting
• Precision grinding
• Light welding (MIG, TIG, Stick)
• Metal tempering and annealing (in-house kiln)
• 3D additive manufacturing (3D printing)

Small business under NAICS 332710 (SBA size standard: 500 employees)

Key Strengths

- Flexible, rapid-response job shop focused on quality and turnaround
- Integrated design-to-manufacture capability (CAD/CAM through finished part)
- Secondary processes (heat treat, welding, additive) available under one roof
- Scalable for prototype, short-run, and low-volume production needs
