Service-Disabled Veteran-Owned Small Business | DoD & Federal Advisory Services

CORPORATE OVERVIEW

Trevia Consulting is a **Service-Disabled Veteran-Owned Small Business** specializing in **capabilities development, requirements management,** and **CBRN defense consulting** for DoD and federal agencies. With 25+ years spanning the full JCIDS lifecycle — ICD through CPD — combined with deep CBRN operational readiness expertise, Trevia delivers enterprise-scale technical rigor with SDVOSB agility. Our leadership brings direct Pentagon experience managing an **$8.5B Major Defense Acquisition Program** across joint and combined environments.

OUR EXPERIENCE

- **USN / Pentagon — Requirements & Capabilities Leadership.** Requirements Officer for an $8.5B MDAP at CNO N2/N6 managing the full JCIDS lifecycle across three POM cycles. Accelerated CPD approval navigating joint stakeholder requirements across 15 organizations. Led the $62M Tactical Data Dissemination Initiative and managed $62M in Technology Transition Agreements.
- **AFS / Army — Requirements Automation & Process Modernization.** Sole-developed a requirements automation process reducing touch-labor from 3.0 to 1.25 FTE, saving $200K+ annually. Mentored six Project Managers enabling organizational adoption across the broader acquisition program.
- **BUMED / DHA — CBRN Medical Readiness.** Solely authored the BUMED CBRN Medical Exercise Project training and policy document, supporting 10,000+ military reserve members and redefining how the military trains medical staff to support the warfighter on deployment.
- **DTRA — Chem/Bio Defense Decision Tool.** Provided CBRN technical expertise supporting AI-enabled decision planning tool development for deployed force commanders, delivering operational planning and capability alignment for environments with known chemical and biological hazards.
- **BGS / DHS — Portfolio & Business Case Analysis.** Financial and business case analysis for a $200M+ mission realignment supporting the DHS Countering Weapons of Mass Destruction Office.
- **EY / DoT — Program Management & Business Development.** Managed a $2.5M federal IDIQ and multiple $5M technical contracts. Fostered prime and sub-contractor relationships strengthening execution networks.

DIFFERENTIATORS

- Full JCIDS lifecycle expertise — ICD through CPD — across joint and service acquisition programs
- Pentagon requirements leadership on an $8.5B MDAP with stakeholder management across 15 organizations
- Rare combination of CBRN technical SME expertise and formal requirements credentials (RMCT Level B/C)
- Cross-domain federal experience spanning DoD, DHS, DHA, DTRA, and DoT — rare breadth for an SDVOSB
- Rapid-delivery SDVOSB agility with enterprise-scale impact
- **Actively seeking teaming partnerships** with prime contractors pursuing DoD capabilities, requirements, and CBRN opportunities
